You too could join us on a mission

One of the best ways to find out about how a mission works is to join a team supporting an event in this country or abroad. So if you are ready to take up the challenge to preach the gospel, why don't you consider joining a Spearhead team in the coming year? For more information contact us by any of the means detailed above.

Areas you need to be thinking about:

Firstly decide that a tent mission is what God is calling you to do and agree dates with us. Running an event with Spearhead is a great way to reach out into your community and encourage church members to share their faith. It does however require significant forward planning in order to make the most of the opportunities created.

This starts with choosing the right site for the event and checking its availability for the dates you are planning. You will also need to ensure there is sufficient access to the site for our trucks.

We have found it is a good idea to divide planning tasks up and to delegate responsibility for these to different people as this spreads the load.

We would encourage you then to meet regularly with these people to ensure they are on task with their planning and co-opting of team members. Areas you might consider doing this in would be:

Tent Erecting and take down. (requires 15 to 20 reasonably fit people)

Site Security as the tent and equipment requires 24hr cover by at least two people from the moment it arrives on site.

Stewarding as it is important to have a team at each event taking place on the site.

Counselling & Follow Up. Some of the most important work will go on after the event is finished so these teams are very important.

Prayer Ministry. Successful events are those which have been covered in prayer before and during the event.

PA Team. Although we provide an adequate system we do need experienced people to operate it throughout the event.

First Aid. Some countries require you to have registered First Aid people on

site at events like this.

Admin. This would cover obtaining all permissions required to put on the event. Plus advertising and organising the team leaders.

Other Areas of ministry. Often during an event there will be targeted ministry to groups such as children, women, older people or men.

Teams might require some training or additional information.

All this organisation can seem daunting but Spearhead is always there to help and give advice so don't get overwhelmed.

We can also provide you with a check list and an event planner which helps to make sure nothing gets overlooked and the event runs smoothly.

Application to run an event with Spearhead

I would like to apply to run an event with Spearhead Ministries.

Church Name: Leaders Name:

Address:

Country Tel No: Email address:

Church web site address (if possible):

Proposed dates for event: Start date - - Finish date - -

Size of tent required (tick required) ☐ 350 seat ☐ 800 seat ☐ 1300 seat ☐ 3000 seat

Please cut out and return this form to Spearhead at the address above.

Spearhead Events

Going to the nations of the world

Spearhead is an evangelistic ministry committed to envisioning, equipping and enabling churches around the world to effectively reach their communities whilst encouraging them to move in the power of the Holy Spirit.

We have a proven track record over a number of years during which we have worked along side individual churches and groups of churches from differing backgrounds in

numerous nations over three continents.

Our vision is clear: we want to enable churches to reach their communities with the good news of Jesus Christ and to see believers added to the church.

Tent missions have proven to be an effective tool in many of the nations we have worked in. During these church members have been encouraged and released into new gifting and greater levels of

faith to see the lost come into a living relationship with our Lord and Saviour. The churches we have worked with have grown both spiritually and numerically, have heightened their profile in their community and have often gained favour with local government offices.

If you are interested in running an event with Spearhead please read through this short publication to find out more about how we can help you effectively reach your community.

The evangelism with Spearhead far exceeded our wildest dreams!

We saw an average of 30 folk getting saved each night in 11 meetings. We were based in 2 villages but used coaches to transport people in from another 6 or so. Twice we had crowds near 700 people. Many were healed, filled with the Holy Spirit and spoke in other tongues. There were loads of healings. Over 50 kids made Jesus Lord in the children's meetings.

Tim and his team had driven 3 days non stop to get to us and did the same back. He put up and took down the tent twice. Plus preached most nights during the two weeks. I think he will go in to Roma history as the big strong white tent preacher that drove his lorry from England to share the love of God with them!

His team did kids work, helped driving, preaching, and never tired in ministering to the 100 plus needy people who came forward most nights. They totally impressed us all with their hard work and good attitudes.

I am so glad that he ignored all the voices of opposition and came to us. When we saw the crowds

on the first night we knew that all the efforts had been worth it. One night 45 men gave their lives to the Lord. That's quite amazing as the Roma men are just as proud as English men. After the events I realized I had been delivered from a fear of evangelism.

Report by Craig Sibthorpe

Introducing Tim Grant

founder of Spearhead ministries

Tim is married to Kim and they have two older children Rebekah and Thomas. Since becoming a Christian in the mid seventies he has been involved in a number of church plants, the last of which he pastored for ten years. He now heads up Spearhead ministries an evangelistic association he founded in 1999 to resource local churches of all backgrounds to reach out into their communities. Spearhead's vision is to envision, equip and enable local churches to effectively reach their communities for Jesus. Tim has travelled the world extensively ministering and preaching the Good News as well as equipping and training churches and their leaders.

He also ministers as the evangelist for the KC21 network of churches based in England. He is committed to seeing the church released and moving in the power of the Holy Spirit in everyday life.

“ I believe we should expect great things from God and do great things for God! ”

THE BIG ONE

Staging

Tent 47 metres diameter seats up to 3000 people

Minimum site size 53 metres diameter

The tents are modular in design

There are four basic sizes and layouts within the tents are very flexible

Staging

Tent 18.6metres diameter seats up to 350 people

Minimum site size 24.6 metres diameter

Staging

Tent 18.6 x 29.6 metres seats up to 800 people

Minimum site size 24.6 x 32.6 metres

Staging

Tent 18.6 x 40.6 metres seats up to 1300 people

Minimum site size 24.6 x 46.6 metres

What can you expect from us?

Having agreed to do an event with your church or group of churches Spearhead are there to help you with planning and organisation. We have a great deal of experience gained over many such events in numerous countries and have a good idea of what is effective and what is not. This means that you can avoid wasting time and resources on less effectual strategies. We are well equipped to work with churches of varying sizes. Our tents are modular and can be erected in different formats. The smallest of these will seat about 350 people comfortably, the next format takes that number to about 800 and then add another section and you're up to 1300 and our big one seats 3000. Depending on local regulations we have had nearly 700 people in the smallest version so we are very flexible. In each format we can cover the ground with a light weight matting and also have a two tier modular staging system with back drop curtaining which is very flexible. House lighting is provided by flood lights from the centre poles. In addition to these we have a limited stage lighting system. There are also exit lights with battery back up where necessary. We are also able to provide a modern PA system that supports 24 channels and has main speakers, sub and fold backs. We have radio and wired microphones and most basic sound equipment. In addition to this we are able to provide video projectors and screens to enable multimedia presentations. All this equipment is powered by our 19kva 240 volt super silent diesel generator which will supply sufficient power for most events. At this time we are able to supply seating for up to 400 people on folding chairs. Other seating will need to be sourced locally due to a lack of space in our two trucks. Every event we do will be supported by one or more of our evangelists who would expect to minister throughout the event. In addition to these there will be as many other team members as we agree together are necessary for the event. Spearhead is run on a faith basis so we make no charge for an event but we do expect churches to join their faith with ours to ensure successful events. Where possible we hope local churches will cover our expenses although this is not essential.
